# NOT JUST BEAUTY, THE IMPORTANCE OF A HEALTHY BODY

---

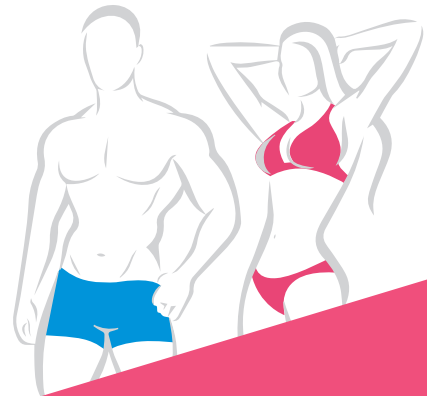

Excessive fat is a common problem for people around the world. The health risks of leading an unhealthy lifestyle are a reality that should not be underestimated and go beyond the pure aspiration to achieve the perfect silhouette.

## SCIENTIFICALLY PROVEN

Effectiveness and safety were tested using the most reliable scientific methods (MRI, CT, ultrasound and histology) in seven independent studies conducted in the United States.

- **4cm** Average circumferences reduction
- **19 %** Average fat reduction
- + **16%** Average increase of muscle mass

B-TONIC

One session  
per month  
is recommended  
to maintain the  
effects obtained!

A complete **B-TONIC**  
treatment involves an  
average of 8 sessions

The effects are already  
visible two to four weeks  
after the last session and  
last up to 6 months

A B-TONIC session lasts  
from 20 to 30 minutes!

## HOW DOES B-TONIC WORK?

---

*The electromagnetic waves are able to induce 36,000 supermaximal contractions of muscles that would not be achieved through normal physical activity (in only 30 minutes).*

When exposed to contractions, muscle tissue is forced to adapt to such conditions by remodelling its internal structure, which results in muscle gain (hypertrophy) and fat burning.

## WHERE CAN I USE IT?

---

Abdomen

Gluteus

Biceps/  
triceps  
(arms)

Quads/  
hamstrings  
(legs)

## MINIMUM EFFORT, STRONG ACTION!

---

✓ NO PAIN

✓ NO DAMAGE ON  
SKIN SURFACE

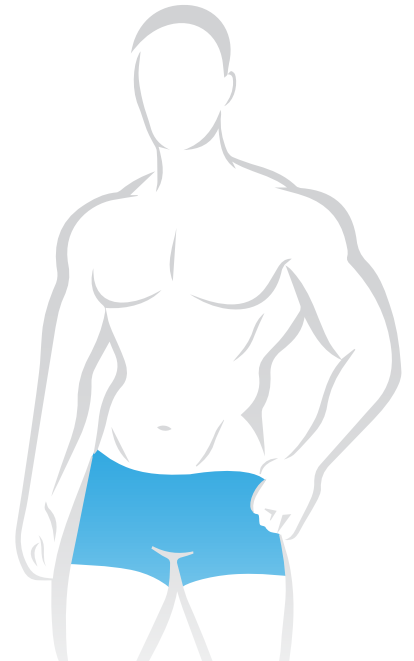

✓ NO DOWN TIME

The **B-TONIC** handpiece saves time and effort. Following the application of the handpiece, the therapist can then leave the room until the end of the treatment.

Thanks to the double layer coil, **B-TONIC** acts in depth for a more powerful effect. Available in versions with one or two handpieces.
